[linkedin.com/in/nourhanshabaanmohamed](https://www.linkedin.com/in/nourhanshabaanmohamed) | [github.com/Nourhan-Shabaan](https://github.com/Nourhan-Shabaan)

---

Aspiring Front-End Developer and Computer Science student with hands-on experience in web development, problem-solving, and software engineering fundamentals. Proficient in HTML5, CSS3, JavaScript, Tailwind CSS, Python, and C++ with experience building responsive web applications and database-driven systems. Skilled in UI/UX design using Figma, with strong analytical thinking, teamwork, and creative problem-solving abilities.

---

## AREA OF EXPERTISE

### Technical Skills

- HTML5 & CSS3
- JavaScript & Tailwind CSS
- Responsive Web Design
- Git & GitHub
- SQL & Database Fundamentals
- UI/UX Design (Figma)
- PHP Basics
- Problem Solving (C++)

### Professional Skills

- Team Collaboration
  - Communication Skills
  - Fast Learning & Adaptability
  - Time Management
  - Project Organization
  - Attention to Detail
  - Creative Thinking
  - Analytical Problem Solving
- 

## KEY ACHIEVEMENTS

- **Advanced Tech Training:** Completed 65+ hours of intensive technical training in Advanced Web Development and Front-End Fundamentals.
  - **Full-Stack Project Delivery:** Built a full online library management system with multi-role authentication and database-driven architecture.
  - **Data & Automation Skills:** Developed Python and data visualization skills to analyze and interpret data-driven applications.
- 

## PROFESSIONAL EXPERIENCE

### Front-End Developer – Car Showroom Project | 2026

- Designed and developed a fully responsive luxury car showroom website using HTML5, CSS3, and JavaScript.
- Built modern interactive UI components with smooth navigation and responsive layouts.
- Applied UI/UX best practices to ensure consistency across multiple devices.
- Collaborated within a development team to define project structure and workflow.

### Database & Web Developer – Online Library System | 2026

- Developed a complete library management system using PHP and SQL databases.
- Implemented multi-role authentication system (Admin, Member, Author) with separate dashboards.
- Built backend logic for book reservations, borrowing workflows, returns, and late penalty calculations.
- Designed and optimized database schema including ERD, primary/foreign keys, and relational integrity.

### NTI Grant Scholar – Technical Intern | *National Telecommunication Institute (NTI)* | 2026

- Selected for an intensive technical training program focused on software engineering principles and modern web workflows.
- Gained hands-on experience building responsive web architectures within collaborative agile-like teams.
- Strengthened problem-solving skills through real-world development and deployment scenarios.

### Instructor & Media Member | *Masaar Scientific Research Team* | 2026

- Served as an Instructor, delivering structured training sessions on technical and research topics.
- Contributed as a Media Member by supporting content creation, social media management, and promotional campaigns.
- Collaborated with team members to enhance outreach through visual and written content production.

---

## EDUCATION

**Bachelor's Degree in Mathematical Statistics and Computer Programming** *Sohag University* | *Expected Graduation: 2027*

- **Relevant Coursework:** Advanced Programming, Database Systems, Data Structures, Data Analytics.

---

## ADDITIONAL INFORMATION

### Certifications:

- **Advanced Web Development (65+ Hours):** Issued by Creativa, ITIDA, TIEC, EdVentures (2026).
- **Data Visualization with Python:** Issued by Manara Academy (2025).
- **Front-End Fundamentals (30 Hours):** Issued by Code Spark Academy (2026).
- **Python Programming Basics:** Issued by ITI / Mahara-Tech (2026).

- **EF SET English Certificate:** B1 Level (46/100).

**Languages:** Arabic (Native), English (Intermediate - B1).
